Basic Security Recommendations

By now you should have arranged for Insurance coverage to protect your exhibit and product against damage or loss from the time it leaves your premises until it returns

- Unpack product as close to the Show opening as possible. At the close of the Show, we suggest that you stay at your booth until these valuables are repacked.
- Treat especially valuable goods such as prototypes as irreplaceable. If they truly are one-of-a-kind, hire your own security guard. **Under no circumstances** should such goods ever be left unattended. Plasma Screens & Flat Screens, televisions, DVD's, laptops, and other electronic devices are particularly vulnerable to theft.
- Remove tapes or discs at night and store them in a safe place. Keep close tabs on personal items (cell phones, purses, laptops, briefcases, etc.)
- Do not put articles of any value in a container marked "Empty Storage", or behind the booth.
- At the close of business each day, cover all display tables. This establishes a barrier to curiosity seekers and other would-be-thieves from selecting such items to steal at a later time.

Immediately report to the Show Office or to security, any suspicious activity or the presence of unauthorized visitors. The last day of the Show is on Sunday, March 23rd at 5:00 p.m.

Security during breakdown

One of the biggest problems faced by this or any show occurs during the breakdown of accessory exhibits. While there are procedures and security checks, it is impossible to control the rush of Exhibitors and their personnel removing materials from the Show. Exhibitors will not be permitted to remove items from the Show until 30 minutes following the close of the Show.

If you cannot remove your exhibit during this period, here are a few simple steps that should prevent any problems:

- Pack all exhibit materials at the close of the Show.
- Group all small items together and cover with tarps.
- Dismantle any display cases or signs that could be knocked over and damaged.
- Move all materials and carpet as far back from the aisles as possible.
- Return the following day as early as possible to begin removal of your exhibit.

Informa Markets assumes no responsibility for materials left in your exhibit areas.

Empty Crates

In order to ensure a smooth breakdown, we have added a scheduled time for empty crates storage indicating when they will be returned to your booth. Freight carrier's outbound times have also been listed for access to the show grounds. Should you have any questions or foresee any problems regarding these times contact our office immediately.

Forklift Service

Forklift service is available for off-loading and set-up of equipment. If you will require Forklift service, special handling or have unusual equipment, please complete, and return it with payment at least two weeks prior to your scheduled appointment.

Please note that empty labels will no longer be available for materials that require forklift services. These empties must be taken off the property by the exhibitor, or material handling charges will apply.

Credentials

IMPORTANT: Beginning ON **March 15**, a **\$45.00** late fee will be assessed on any credentials ordered after the deadline date and replacement credentials. Any credentials ordered that exceed the exhibitor's maximum allotment will incur an additional fee. Credentials are non-transferable and will be confiscated if misused. Please wear your credential so that it can be easily seen during the show. **We reserve the right to request I.D.**

Credentials will not be released until all balances and proof of insurance with Informa Markets have been cleared. All credential holders **MUST** have a valid picture I.D. in order to gain admittance to the Show grounds.

We have changed the process to order Exhibitor Post-Paid tickets and Pay In Advance tickets - there are no longer paper tickets, all tickets are electronic. Step-by-Step instructions on how to order your Tickets are displayed on each Show's website in the Exhibitor section. This new system eliminates on-site Will Call as the tickets will be sent via email to your client or guest, allowing for great flexibility. Now, you can email a ticket once you have confirmation that your client is coming to the show. **To set up individual ticket accounts for your brokers, please provide us with an excel spreadsheet with their First Name, Last Name, and Email Address in individual columns we will have them added to the site.**

Exhibitor shall furnish Informa Markets with such written certification from such structural engineering prior to commencement of the Show. The Exhibitor's failure to provide such written certification shall be considered grounds for removal from the Show. The aisles are the property of the entire Show and each Exhibitor has the responsibility to assure proper flow of traffic through the entire Show. Demonstrations must always be supervised by exhibit personnel who can stop the demonstration in the event of an emergency and all demonstrations involving potentially hazardous by – products, such as dust, fumes, sparks, or flames, etc., must be approved in writing by Informa Markets thirty (30) days prior to the show opening.

Waste oil must be stored in non-leaking container clearly marked "waste oil" on an impermeable surface, and covered in a manner that will prevent rainwater from entering the container. Oil spills must be removed from the site by a

permitted waste oil transporter and receipts retained for inspection.

New Oil:

This includes new engine oil, transmission fluid, hydraulic oil, and gear oil. These petroleum products must be kept in non-leaking containers on an impervious surface and covered in a manner that will prevent rainwater from entering the container. Leaking containers must be emptied promptly upon detection, either by transferring the product to a non-leaking container or by disposing of it in the "waste oil" container.

However, any accumulated algae, oyster or barnacle build-up must be properly collected and disposed of in the regular trash. The use of this equipment to remove bottom paint from hulls shall be restricted to an area with an impervious surface, where the wastewater shall be contained, collected and treated to remove paint solids to meet the sanitary sewer standards. If standards are not met, further treatment will be required prior to discharging to the sanitary sewers.

Washing by Hand Above Waterline:

Detergents and cleaning compounds used in washing boats shall be biodegradable. The waste water generated by washing boats by hand shall not be considered an "industrial waste" or "other waste" as defined in chapter 24.

FLORIDA TAXATION of BOAT SHOW EXHIBITORS

SALES and USE TAX

GENERAL RULES

A **seven percent** sales tax is imposed on every "retail sale" of tangible personal property within Palm Beach County, Florida. Some counties impose additional local optional or discretionary surtaxes: 6.5%, 7% etc." Retail sales include sales that take place in Florida and "mail order sales" by companies who are required to register as dealers under Florida's sales tax law.

A "dealer" is any person who, among other activities, does the following:

- 1) sells tangible personal property;
- 2) solicits sales of tangible personal property;

- 3) leases tangible personal property;
- 4) sells, provides, or performs a taxable service; or
- 5) imports tangible personal property for use, consumption, distribution, or storage.

Sales tax is not imposed on “sales for resale,” that is, sales to persons or companies who themselves are registered as Florida sales tax dealers and purchase the item for resale. A dealer who makes a “sale for resale” to another dealer must obtain and keep on file a Florida resale certificate from the purchaser to document the exempt status of the sale. If a company makes sales in Florida, including sales at a boat show, it must register as a dealer with the Florida Department of Revenue (DOR) and must collect sales tax on its sales or obtain and keep on file Florida resale certificates. As long as it is required to be registered as a dealer with the DOR, a company must collect sales tax on Florida sales and must submit monthly sales tax returns and remittances to DOR. If an article of tangible personal property is brought into Florida and is subject to use tax, the DOR will allow credit for sales or use taxes paid to another state, U.S. territory or the District of Columbia. Credit cannot be given for taxes paid to another country. Purchasers who cannot show that Florida’s or another state’s sales tax has been paid at rate equal to or greater than Florida’s rate) upon the purchase of tangible personal property must pay use tax on the cost of the item.

EXAMPLES

Please Note: The Following examples are based upon the premise that an out-of-state exhibitor’s only presence in Florida is attendance at no more than a few Florida boat shows. Any additional presence or activities conducted by out-of-state exhibitor within Florida may result in different answers to some of the examples.

Sales at Boat Show for Immediate Delivery

Example 1: Exhibitor Who Makes Only Retail Sales at Boat Show

An out-of-state exhibitor attends a Florida boat show. Boats or accessories are sold or delivered at the show only to retail customers. This exhibitor must register with the DOR as a dealer, collect the sales tax on all retail sales made at the show, and file monthly sales tax returns.

Example 2: Exhibitor Who Makes Only Wholesale Sales at Boat Show

An out-of-state exhibitor attends a Florida boat show. Boat or accessories are sold or delivered at the show only at wholesale to persons who are registered as sales tax dealers. If the exhibitor has signed an Exhibitor’s Agreement, which prohibits it from making retail sales but allows it to make wholesale sales, the exhibitor is not required to register with the DOR as a dealer, or collect tax on the sales, because only sales for resale are made. If the exhibitor has not signed an Exhibitor’s Agreement, the exhibitor must register with the DOR as a dealer. In either case, the exhibitor must obtain and keep on file Florida resale certificates from the purchaser to document the exempt status of the sales.

Example 3: Exhibitor Who Makes Both Retail and Wholesale Sales at Boat Show

An out-of-state exhibitor attends a Florida boat show. Boats or accessories are sold or delivered at the show both on a retail and wholesale basis. This exhibitor must register with the DOR as a dealer, collect the sales tax on all retail sales made at the show, and file monthly sales tax returns remitting the tax on such sales. Florida resale certificates must be obtained and kept on file from all wholesale purchasers, to document the exempt status of those sales.

Sales at Boat Show for Future Delivery outside Florida

Example 4: Exhibitor Who Takes Order at Show for Future Delivery Outside Florida

An out-of-state exhibitor attends a Florida boat show. Orders are taken for boats or accessories at the show for future delivery to an address outside of Florida. These orders are subject to acceptance or rejection at the exhibitor's home office following an appropriate credit check, etc. The exhibitor is not required to collect the sales tax on these transactions, whether or not the exhibitor is registered as a Florida dealer.

Sales at Boat Show for Future Delivery In Florida

Example 5: Exhibitor Who Takes Orders at Show for Future Delivery in Florida but Does Not Receive Full Payment at the Show

An out-of-state exhibitor attends a Florida boat show. Orders are taken for boats and accessories at the show for future delivery to a Florida address.

Case A: The Purchaser makes a deposit or partial payment at the boat show. The balance of the purchase is paid to the exhibitor after the exhibitor returns to the home office, for example, by wire transfer or by check mailed to that office. The exhibitor is not required to collect the sales tax. This transaction is completed outside Florida and is not treated as a Florida sale. The purchaser is required to pay a use tax upon receipt of the boat or accessories.

Case B: The purchaser pays for the goods by credit card. The credit card transaction is processed for authorization at the exhibitor's home office after the conclusion of the show. The exhibitor is not required to collect the sales tax. This transaction is completed outside Florida and is not treated as a Florida sale. The purchaser is required to pay a use tax upon receipt of the boat or accessories.

Example 6: Exhibitor Who Takes Orders for Future Delivery in Florida But Does Receive Full Payment at the Show

An out-of-state exhibitor attends a Florida boat show. Orders are taken for boats or accessories at the show for future delivery to a Florida address. The purchaser completes payment for the goods in Florida, either by cash, a check for the full purchase price, or a credit card for which authorization is obtained during the show. This exhibitor is not required to collect the sales tax on these transactions, even if the exhibitor is registered as a dealer. The purchaser is required to pay a use tax upon receipt of the boat or accessories.

Sales After the Show to Florida Residents

Example 7: Exhibitor Receives Post-Show Telephone or Mail Orders from Florida

An out-of-state exhibitor attends a Florida boat show. After the exhibitor returns home, orders are received by telephone and mail for boats or accessories to be shipped to Florida. This exhibitor is not required to collect the sales tax on these transactions, even if the exhibitor registered as a dealer. The purchaser is required to pay a use tax upon receipt of the boats or accessories.

Example 8: A Florida Resident Visits the Manufacturer's Plant after a Show And Places an Order for Delivery into Florida

An out-of-state exhibitor attends a Florida boat show. After the exhibitor returns home, a Florida resident visits the plant and places an order for delivery into Florida. The exhibitor is not required to collect the sales tax on this transaction, even if the exhibitor has been required to register as a Florida dealer because of the boat show activities. The seller must document that the purchaser was physically present at the plant when the sale was made to avoid any question about the tax status of the transaction. The purchaser is required to pay a use

tax upon receipt of the boat or accessories.

Related Issues

In addition to liability for Florida sales tax, exhibiting at a Florida boat show may trigger liability for one or more of the following:

- payment of Florida corporate income tax
- payment of Florida intangible property tax
- qualification as a foreign corporation with the Florida Secretary of State

The following is a general summary of these requirements:

Florida Corporate Income Tax (Chapter 220, Florida Statutes)

An out-of-state corporation whose only activities in Florida during its taxable year consists of attending boat shows and soliciting orders that are approved or rejected outside Florida (e.g., are approved at the exhibitor's home office after a credit check) and are filled by shipment or delivery from outside Florida is not subject to the Florida corporate income tax. If an out-of-state corporation sells and delivers boats or boating accessories at a Florida boat show or solicits and approves orders at a Florida boat show for future delivery into Florida, may be subject to the Florida corporate income tax. Except in limited circumstances, an S-Corporation is not subject to the Florida corporate income tax, regardless of the extent of its activities in the state.

Florida Intangible Property Tax (Chapter 199, Florida Statutes)

A person who transacts business in Florida and on January 1 has receivables derived from business in the state, is liable for Florida intangible tax on the value of those receivables. An out-of-state person whose boat show activities are considered to be business regularly conducted with customers in Florida will be subject to this intangible tax. The tax return is due by June 30th. **Qualification with Secretary of State as Foreign Corporation** (Section 607.1501, Florida Statutes) An out-of-state corporation whose only activities in Florida consist of soliciting boat show orders that are approved or rejected outside Florida before they become contracts (e.g., are approved at the exhibitor's home office after a credit check) is not required to register with the Florida Department of State as a foreign corporation. If an out-of-state corporation sells and delivers boats or boating accessories at a Florida boat show or solicits and approves orders at a Florida boat show for future delivery, then it may be required to register as a foreign corporation.
